Well Known Remedy Relieves Chronic Case

Important to Dispose of Waste From the Stomach With Regularity

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggrevate than to relieve the disorder.

When the bowels act regularly the stomach-is in beter shape to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin which is sold in drug stores for fifty cents a bot-

Dr. Caldwel has prescribed this remedy in his practice for over a quarter of a century and it is today the standard household remedy in thousands of homes. Mr. Thos DoLoach with the Department of Interior, Office of Indian Affairs, at Washington, wrote Dr. Caldwell recently that "Dr. wrote Dr. Caldwell recently that "Dr. ed by writing to Dr. W. B. FINDS 278 DIAMONDS IN SEA

British Mine Sweeper Deckhand Picks
Up Fleating Package,
London Correspondence to The New

London Correspondence to The New York Sun.

A story of a package of diamonds worth 100 pounds (\$00) found float-ing in the North Sea by one of the crew of a British mine sweeper was told in a police station today by a deckhand. Walter Cierson, who had been alrested while Trying to dispose of the game.

been arrested while Trying to dispose of the gems.

At the police situlon the deckhand confessed that while on a travier which was engaged in the hazardous task of gathering up mines in the North Sea he saw a package floating in the water. He got it with a boathook and when he opened it he found 38 pollahed and 75 unpolished gems. The deckhand attempted in company with a friend to sell the diamonds to a laweler at Cardiff. There was nothing on the package to indicate the owner or how the diamonds came to be floating about in the mine-strewn waters of the North Sea.
